

Microscope Wizards Ltd

Environmental Policy and Waste Management Statement

Microscope Wizards Ltd was established in 2017 to provide microscope servicing, repairs, refurbishment, reconditioned microscopes for sale, and customer training. We are based in Tarleton, Lancashire and employ 2 people.

Microscope Wizards Ltd is fully committed to operating with minimal waste and segregates, stores, documents, transfers, and disposes of waste responsibly and in line with the UK laws. A key strand of our business is concerned with rescuing old microscopes which would otherwise be scrapped and repairing and refurbishing them to work for many years to come.

Microscope Wizards Ltd is committed to minimising the impact of its activities and have the following systems and procedures in place to achieve this:

- Minimise waste by continual evaluations of our operations to ensure that they are as efficient as possible.
- Actively promote recycling both internally and amongst our customers and suppliers.
- Discarded microscopes and associated components are salvaged from customers landfill waste streams.
- Microscopes and associated components which have reached the end their operational lifespan and are no longer fit for refurbishment or repair are broken down into component parts for ethical recycling.
- Business administration activities are predominantly via electronic records to minimise paper waste.
- Packaging materials are either recycled or obtained from environmentally safe sources.

This is not intended to be an exhaustive list. All employees have a personal responsibility within their own areas of work to help ensure that environmental sustainability is embedded within the ethos of the company.
